Program Evaluation and Research

New Heights routinely collects information from our participants for a variety of reasons.

- New Heights is funded almost exclusively through grants. In order to secure funding that supports the daily programming and operational costs of New Heights, it is required by those that fund the grants to report data about our participants or to administer surveys that measure specific criteria.
- New Heights measures resiliency in each participant as a basis of our mentoring program and to evaluate our effectiveness in fulfilling our mission. A brief questionnaire is administered by New Heights at the beginning of the school year and once again at the end of the school year.
- New Heights often collaborates with researchers from the University of New Hampshire to evaluate our program and/or measure change in our participants.

If you have any concerns or want a copy of our policy regarding research and evaluation, please contact our Executive Director at 603-422-8235, ext. 103.
